# Flexible Rods

Designed for sweeping insulated metal chimneys and flexible flue liners

## Key features

Affordable flexible rods made by us in Britain using flexible 12mm diameter rod for added strength and durability. Our superflexy 8mm nylon rods are ideal for sweeping tight 90° bends, and can also be used as a 'lead' rod with flexible 12mm rods.

High quality solid brass screw ends with ½" Whitworth screw fitting featuring chamfered edges to minimise risk of damaging flexible liners.

Flexible Liner Rod

# Bristle Brushes

## Soft bristle brush - White

Soft bristle brush with protective ball end and Whitworth 1/2" male end screw fitting. For brushes with a universal fitting add 'U' after the product code, ie. FBS5U

Brush Diameter inches/mm	Product Code	Trade Price*	RRP Ex Vat	RRP inc Vat
4"/100mm	FBS4	£12.71	£15.89	£19.06
5"/125mm	FBS5	£13.73	£17.16	£20.59
6"/150mm	FBS6	£14.23	£17.79	£21.34
7"/180mm	FBS7	£14.74	£18.43	£22.11
8"/200mm	FBS8	£15.25	£19.06	£22.87
10"/250mm	FBS10	£18.63	£23.29	£27.95
12"/300mm	FBS12	£20.33	£25.41	£30.49
14"/350mm	FBS14	£21.60	£27.01	£32.41

## Medium bristle brush - Orange

Medium bristle brush with protective ball end and Whitworth 1/2" male end fitting. For brushes with a universal fitting add 'U' after the product code, ie. FBM5U

Diameter inches/mm	Product Code	Trade Price*	RRP Ex Vat	RRP inc Vat
4"/100mm	FBM4	£12.71	£15.89	£19.06
5"/125mm	FBM5	£13.73	£17.16	£20.59
6"/150mm	FBM6	£14.23	£17.79	£21.34
7"/180mm	FBM7	£14.74	£18.43	£22.11
8"/200mm	FBM8	£15.25	£19.06	£22.87
10"/250mm	FBM10	£18.63	£23.29	£27.95
12"/300mm	FBM12	£20.33	£25.41	£30.49
14"/350mm	FBM14	£21.60	£27.01	£32.41

For brushes with a 3/4" universal fitting (to fit drain rods), use 'U' after the code, ie. FBM6U. Universal brushes do not have the ball top fitted as standard. (Price same as FBM6)

FBM6U

\* Trade Price equals 20% off RRP

# RodStation offers a great choice of brushes

For sweeping insulated metal chimneys and flexible liners with 1/2" Whitworth rods.  
 For masonry chimneys the 3/4" Universal brushes are used with rigid rods.  
 Ball end brushes fitted to brushes with 1/2" Whitworth fitting only.

## Hard bristle brush - Grey

Medium bristle brush with protective ball end and Whitworth 1/2" male end fitting. For brushes with a universal fitting add 'U' after the product code, ie. FBH5U

Diameter inches/mm	Product Code	Trade Price*	RRP Ex Vat	RRP inc Vat
5"/125mm	FBH5	<b>£13.73</b>	£17.16	£20.59
6"/150mm	FBH6	<b>£14.23</b>	£17.79	£21.34
7"/180mm	FBH7	<b>£14.74</b>	£18.43	£22.11
8"/200mm	FBH8	<b>£15.25</b>	£19.06	£22.87
10"/250mm	FBH10	<b>£18.63</b>	£23.29	£27.95
12"/300mm	FBH12	<b>£20.33</b>	£25.41	£30.49
14"/350mm	FBH14	<b>£21.60</b>	£27.01	£32.41
16"/400mm	FBH16	<b>£22.36</b>	£27.95	£33.54
18"/450mm	FBH18	<b>£23.04</b>	£28.80	£34.56
20"/500mm	FBH20	<b>£23.71</b>	£29.64	£35.57

## Extra hard bristle brush - Black

Extra hard bristle brush with protective ball end and Whitworth 1/2" male end fitting. For brushes with a universal fitting add 'U' after the product code, ie. FBXH5U

Diameter inches/mm	Product Code	Trade Price*	RRP Ex Vat	RRP inc Vat
5"/125mm	FBXH5	<b>£13.73</b>	£17.16	£20.59

# FlueBoss® Powersweeping Heads

1  <b>FlueBoss Nylon Biomass 15cm</b> For smaller diameter flue sizes from 50 to 150mm (head diameter 150mm), 3mm Nylon.	2  <b>FlueBoss Nylon Small 30cm</b> Ideal for use on flexible liners and metal flues from a diameter of 75mm up to 300mm.	3  <b>FlueBoss Nylon Large 50cm</b> For use on metal flues and masonry from diameters of 150mm up to 500mm.	4  <b>FlueBoss Nylon Extra Large 60cm</b> For large inglenooks with higher build up soot deposits, diameter of up to 600mm.	5  <b>FlueBoss Nylon Shaft 30cm</b> Use in between chimney rods or with additional power sweeping heads.
6  <b>FlueBoss XXL 30cm (12")</b> For heavy duty cleaning with vertical stands ideal for terminal cleaning and bird nest removal.	7  <b>FlueBoss XXL 60cm (24")</b> For heavy duty cleaning with vertical stands ideal for terminal cleaning and bird nest removal.	8  <b>FlueBoss Low Profile</b> FlueBoss Low Profile With 3mm nylon and a low profile, designed to enter flues with tight bends. Diameter 40cm.	9  <b>FlueBoss Ball Top Small 30cm (12")</b> Ball shape assists in navigation of the whip head around sharp bends, multiple strands are held in place with a grub screw. Diameter 30cm.	10  <b>FlueBoss Ball Top Large 60cm (24")</b> Ball shape assists in navigation of the whip head around sharp bends, multiple strands are held in place with a grub screw. Diameter 50cm.
11  <b>Power Chain Small 30cm</b> For removing heavy deposits, 30cm overall diameter when spinning. Stainless steel chain which can be replaced by releasing chain link.	12  <b>Power Chain Large 50cm</b> For removing heavy deposits, 50cm overall diameter when spinning. Stainless steel chain which can be replaced by releasing chain link.	13  <b>Power Chain Shaft 30cm</b> Use in between chimney rods or with additional power sweeping heads. Stainless steel chain which can be replaced by releasing chain link. Diameter 30cm.	14  <b>FlueBoss Chain XXL</b> For extra abrasion and removing heavy tar and creosote deposits. The design prevents the chain wrapping around the rods. Diameter 40cm.	15  <b>FlueBoss Cable Small 30cm</b> For use on masonry flues for removing heavy deposits of creosote and tar in diameters of 20cm up to 30cm. Diameter 30cm.

# FlueBoss® Colourcoded Powersweeping Rods

Designed for effective sweeping of insulated chimneys, flexible flue liners and masonry chimneys.

## Powersweeping Rods (full length 1 metre / 3'3")

Rodstation's range of colourcoded FlueBoss® powersweeping equipment holds several patents and design copyrights. Manufactured in the UK from high grade aluminium which is hard colour anodized to increase strength and durability and to help with rod selection for chimney type. The colourcoded rods have a unique 'push fit' connection which is quick and extremely strong. A slight twist of the rod engages the button into position with a reassuring 'click'. All rods can be inter-changed.

# FlueBoss® Colourcoded Rods Features & Specifications

<b>Gold 8mm</b>	
Applications	Biomass/gas/oil
Features	Very high flexibility, restricted access or lead rod and tight bends
Diameter	8mm
Flue Range	3" to 7"
Flexibility	100%
Colour	GOLD
Weight:	120g
Code	PSRM02SB

<b>Gold 10mm</b>	
Applications	Flexible liner/ single/ twinwall/gas/oil
Features	Ideal for 5" to 8" steel flues, lightweight and excellent for restricted access
Diameter	9mm (ferrule diameter 16mm)
Flue Range	2" to 7"
Flexibility	90%
Colour	GOLD
Weight:	120g
Code	PSRM01SB

<b>Green 8mm</b>	
Applications	Biomass/gas/oil
Features	Very high flexibility, restricted access or lead rod and tight bends
Diameter	8mm
Flue Range	3" to 7"
Flexibility	100%
Colour	GREEN
Weight:	140g
Code	PSR01SB

<b>Pink 10mm</b>	
Applications	Flexible liner/ single/ twinwall
Features	High flexibility, lightweight good for bends and flexible liners
Diameter	10mm
Flue Range	3" to 7"
Flexibility	80%
Colour	PINK
Weight:	160g
Code	PSR02SB

<b>Orange 12mm</b>	
Applications	Flexible liner/ single/ twinwall
Features	Ideal for 5" to 8" steel flues, lightweight and great on 6" flues
Diameter	12mm
Flue Range	5" to 8"
Flexibility	70%
Colour	ORANGE
Weight:	205g
Code	PSR03SB

<b>Red 14mm</b>	
Applications	Ceramic Liners
Features	Ideal for ceramic round liners, ducting, drains and unlined flues
Diameter	14mm
Flue Range	8" to 16"
Flexibility	60%
Colour	RED
Weight:	250g
Code	PSR04SB

<b>Grey 16mm</b>	
Applications	Larger masonry flues/ square
Features	Ideal for larger pumice and masonry flues
Diameter	16mm
Flue Range	16" +
Flexibility	40%
Colour	GREY
Weight:	320g
Code	PSR05SB

<b>Black 18mm</b>	
Applications	Larger inglenook flues
Features	Heavy duty rigid ideal for large straight flues, reaming
Diameter	18mm
Flue Range	18" +
Flexibility	30%
Colour	BLACK
Weight:	430g
Code	PSR06SB

<b>Stainless Steel 20mm</b>	
Applications	Large Inglenook/ liner breaking
Features	Heavy duty rigid ideal heavy duty liner breaking and reaming
Diameter	20mm
Flue Range	20" +
Flexibility	15%
Colour	STAINLESS
Weight:	560g
Code	PSRS20SB

<b>Stainless Steel 22mm</b>	
Applications	Large Inglenook/ liner breaking
Features	Heavy duty rigid ideal heavy duty liner breaking and reaming
Diameter	22mm
Flue Range	20" +
Flexibility	10%
Colour	STAINLESS
Weight:	660g
Code	PSRS22SB

<b>Blue 20mm</b>	
Applications	Large Inglenook
Features	Very rigid ideal for tall very wide flues and horizontal ductwork
Diameter	20mm
Flue Range	20" +
Flexibility	5%
Colour	BLUE
Weight:	460g
Code	PSR08SB

# FlueBoss® Mini

## FlueBoss Mini Powersweeping Kit

The FlueBoss Mini Powersweeping Kit is designed for cleaning of 2" to 7" pipes such as Biomass flues, air conditioning ducts and dryer vents where extra flexibility is required. The small diameter head (only 3/4" when compressed) makes it ideal for negotiating through awkward spaces and opening up when spinning.

Kit Contents	Qty
1 metre 10mm Superflexi rods	8
Drill connector	1
FlueBoss Mini head	1
3 metre length of FlueBoss Nylon	1

# Ultra HD Touchscreen 1080p Chimney Camera Kit

The latest chimney inspection camera to our range our Ultra HD 10.1 inch camera is 1080p resolution with impressive crystal clear images and video displayed on a large 10.1 inch screen. The monitor will run approximately 4 hours when fully charged and is heavy duty with protective edging and sapphire glass, there is an option to use the touch screen to navigate the features and to record or snapshot footage or you can use the buttons to the right of the screen. Whilst recording sound is also recorded which is a real benefit for talking through any observations during an inspection. The monitor comes complete with a formatted micro 32GB SD card and a HDMI cable to connect the monitor directly to a TV screen.

By downloading the road cam app by following the QR code in the user manual the camera can be linked to a smartphone for easy file transfer to customers via WhatsApp.

The Ultra HD chimney camera kit is complete with an 18 metre 5mm cable and the unique copyrighted Rodstation camera ball housing enabling a viewing angle of 45, 90 and 180 degree with the new option of connecting the ball to the side of a 12mm rod (supplied in the kit). The camera has 12 high power LED lights which are dimmable and with the auto focus feature this gives one of the highest quality picture of any camera on the market. All our camera kits include a 12 month warranty as standard.

## Kit supplied in Case includes:

- Heavy Duty Rodstation Case
- Camera ball with 4 rigid and 4 flexible adjustable arms and sound rod mounting
- 12 Ultra bright LED Camera

# Ventilation and Duct Cleaning

The Rodstation range of air duct cleaning equipment is manufactured on our premises and engineered to deliver unmatched cleaning power, ensuring that your air ducts are thoroughly free of dust, debris, and allergens.

## FlueBoss® Flexible Vent Shaft

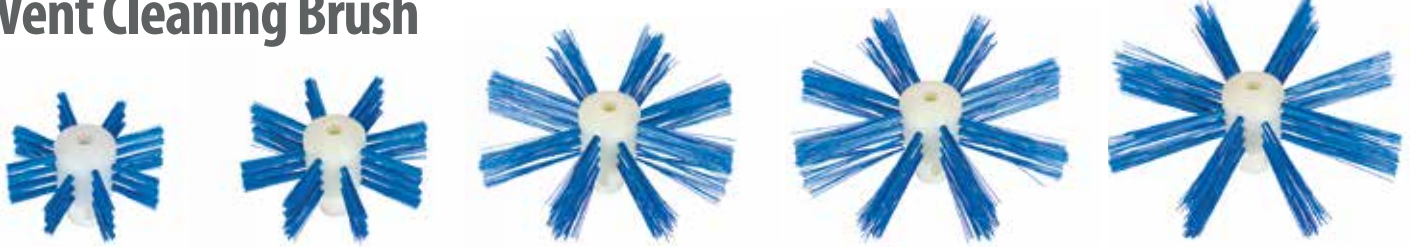

Flueboss Flexible Vent Shaft is designed for precision and efficiency, featuring a rotating shaft encased in a heavy-duty nylon sheath. Its lightweight and highly flexible build allows for effortless manoeuvring through 90-degree bends, making it perfect for accessing hard-to-reach areas. Each end is equipped with our convenient single-button female and male connections, ensuring a quick and secure attachment to your chosen power brush or Flueboss head.

Available in 2, 3, or 5-meter lengths, kit includes drill adaptor and Flueboss Nylon head.

# Meeco's Red Devil

## Fire Safety and Maintenance Products

MEECO have appointed Rodstation as the exclusive distributors for the UK and Europe for their range of proven products aimed at reducing and stopping chimney fires.

Founded in 1937, MEECO are well known in the USA for manufacturing a wide range of safety and maintenance products for wood and solid fuel burning. They have built a reputation for high quality and service. Originally the United States Department of Natural Resources contracted them to develop a product for the removal of soot from wood-burning generators and power plants, which they then launched under the MEECO's Red Devil trademark.

### FireEx

The MEECO FireEx is quick and easy to use. At the first sign of a chimney fire simply toss into the firebox and the chimney fire stops within minutes. The FireEX is not a flare and works without any pre ignition. The FireEx has been performance tested using creosote-fuelled chimney fires and will not cause any water damage. Suitable for use on Stoves, Fireplace Inserts and Fireplaces.

Watch a video demonstration of the FireEx in action on Rodstation's YouTube Channel.

Description	Product Code	Trade Price ex Vat*	RRP Ex Vat	RRP inc Vat
FireEx	MFX01	<b>£29.66</b>	£37.08	£44.50
FireEx Box Of 6	MFX06	<b>£163.34</b>	£204.17	£245.00

### Powdered Creosote Destroyer

This Powdered Creosote Destroyer is specially formulated to control creosote build-up in wood and coal stoves, when it is put on a fire. It works as a catalyst destroying the binder holding the creosote particles together. Regular removal of creosote build-up can help to prevent chimney fires.

Description	Product Code	Trade Price ex Vat*	RRP Ex Vat	RRP inc Vat
Tub Creosote Destroyer 2lb	MCD02	<b>£14.63</b>	£18.29	£21.95
Tub Creosote Destroyer 5lb	MCD05	<b>£28.63</b>	£35.79	£42.95

### ColorGlo Flames

MEECO ColorGlo Flames add a rainbow of colours to your fireplace, woodstove or campfire. 2-3 cones will burn for 10-12 minutes. Each box contains at least 30 cones.

Description	Product Code	Trade Price ex Vat*	RRP Ex Vat	RRP inc Vat
